## INTERESTS

Passionate about art and design – enjoys creating icons, and making short videos.

## PROJECTS

### Personal Website

DEC 2016

- Designed and developed the User Interface in Sketch
- Used **HTML/CSS** to build the website **from scratch**
- Used the **Material Design Lite framework** to enhance user experience

### Pubble

SEPT 2016

- Designed and developed **an app hosted on the Pebble watch** that allows users to see the prices of meals from best-rated restaurants in their home currency
- Built the UX/UI of the app using **Javascript** on Cloud Pebble.
- Implemented the **XE and Zomato API** for the app.

### Bliss

APRIL 2016

- Created **an Android App** with multiple interactive screens including a countdown, timer, and splash screen that allows users to de-stress.
- Written with **Java in Android Studio**, and also with App Inventor 2.

### Hangman

MARCH 2016

- Created a **text-based game** that simulates the regular game Hangman but with two separate modes: Normal and Unlimited.
- Written with **Python** in PyCharm.

## LEADERSHIP

### Vice President

JULY 2016

Prime of York Region, Non-Profit

- **Directed and led the process of executing events** among all the NPO's three branches, consisting of **60+ members**.
- Contacted and met with numerous organizations, business and City Council members to advocate for Youth Leadership.

### Outreach Manager

APRIL 2016

Markham Mayor's Youth Council, Subsidiary of Markham City Council

- Organized the largest youth-run event in Markham, attracting over **6000+ youth** that was featured on Rogers TV.
- Led a team of 6 members to invite over **50+ booths and organizations**.

### Ambassador

MARCH 2016

World Vision

- **Spoke at conferences and campaigns** to advocate for global injustices affecting marginalized children in Third World countries.
- **Raised over \$1500** towards reducing famine.

## EDUCATION

### Bachelor of Computer Science

DEC 2021

University of Waterloo,  
Pursuing a Minor in **Psychology**
