PROJECTS

Personal Website — DEC 2016

- Built the website (junexu.me) from scratch using **HTML/CSS**
- Created a **responsive UI** to enhance user experience by incorporating the **Material Design framework**
- Conceptualized, designed, and developed the layout of the website on **Sketch**

Pubble — SEP 2016
WON XE CURRENCY API AWARD AT **HACK THE NORTH**

- Built a **clean UI using JavaScript** for an app on the Pebble watch that finds available food options within 50km of the user
- Integrated the Zomato API to collect **real time data of 1.5M restaurants**, **increasing selection of restaurants by 20%**
- Used XE API to provide **160+ foreign currency conversion** to allow users to **save more than 30%** on restaurant meals

Bliss — APR 2016
SEMI-FINALIST FOR **TECHNOVATION CHALLENGE**

- Created **an Android App** to help users de-stress with multiple interactive screens (eg. countdown, timer, and embedded videos)
- Developed the app with Java in Android Studio, and **designed the UI of all the screens**
- Placed in the **Top 10% of 1000+ teams** in North America for the competition

LEADERSHIP

Vice President — JUL 2016
PRIME LEADERS OF YORK REGION, NON-PROFIT

- Responsible for recruiting **and training over 130+ members**, ultimately resulting in **a 50% increase of applications** the next year
- Led **Pitch It**, an event encouraging youth to explore entrepreneurship, and secured over $1000 to fund the Top 3 pitch ideas
- Cumulatively gained over $2000 for United Way, the most ever raised for charity

Outreach Manager — APR 2016
MARKHAM MAYOR'S YOUTH COUNCIL

- Managed $20,000 budget to plan large-scale events for Markham youth
- Co-organized Markham Expo 2016, the **largest youth-run street festival in Markham**, attracting over **6000+ youths**,
- featured on Rogers TV
- Wrote proposals and contacted vendors, resulting into over **60+ booths in attendance, a 35% increase from the year before**
